DRENEC was rebuilt in 1981 and 1988. Her engine had a complete overhaul in October of 1995. The yacht has a saltwater converter which enables it to make long voyages without refill of fresh water (new in 1997). One lifting crane winches the dinghy and other heavy items. One mast with fitted sails to assist the stability during cruising.

Entire redecorated in 1997. Owner's stateroom has a double bed, wardrobes, and private bath. Three double guest cabins sleep eight; each cabin has a private bath. Crew accommodations for six in three cabins.

Large salon, all in teak, with dining area separate by build in sofa with coffee table and tow leather armchairs, all in teak. Fully equipped galley.
